Subject: **Approval of request for ENUM delegation of code 86**

Dear Sir,

This is to inform you that I have been notified by the concerned Member State that it approves the delegation of code 86 for ENUM on a provisional status for ENUM global TLD trial and evaluation in accordance with the attached request.

This delegation will end on 30 June 2003. If the ITU Interim Procedure is discontinued before then, or if the Recommendation E.A-ENUM is approved before 30 June 2003, the delegation will be turned into an objection.

This approval is based on the understanding that all administrative entities, including DNS administrators, will adhere to all the applicable tenets of all pertinent ITU Recommendations, e.g. E.164, E.164.1, E.190 and E.195, with regard to the inclusion of the E.164 resource information in the DNS.

Please also note that the concerned Member State may at any time revoke its approval and request that TSB file an objection to the delegation.

Yours faithfully,

A handwritten signature in blue ink, appearing to read 'H. Zhao'.
